ø 28 cm

product code: 623115

inner carton n. pcs: 6

master carton n. pcs: 36

cardboard  
pack

#### TECHNICAL DESCRIPTION:

DELÍCIA pans are excellent for baking sweet and savoury meals alike. They have a highly resistant non-stick coating that prevents overcooking and a removable bottom for easily turning out baked meals. Instructions for use: Thoroughly wash and dry the new pan; grease the inside with a thin layer of cooking oil or butter and, if needed, dust with flour before every use. Avoid using utensils with metal ends; never cut or slice food directly in the pan! Do not overheat empty pans! Leave to cool entirely before washing and use normal detergents; avoid scourers and sand-based agents; leave to soak if excessively dirty. Suitable for electric, gas and hot-air ovens. Dishwasher safe, although you should reduce or eliminate dishwashing in order to preserve perfect performance and appearance. 3-year warranty. The warranty never covers defects due to improper use incompatible with the instructions for use and mechanical damage of the non-stick coating - scratches, etc.

#### COMMERCIAL DESCRIPTION:

Tasty and healthy breakfast for the whole family with home made tarts! These baking pans help you bake the most delicious ones and remove them easily, without damaging the edges, thanks to the non-stick coating that reduces the use of oil and butter and prevents overcooking as well.
